Applied Models:	Windows 7 64-bit, Windows 8 64-bit, Windows 10 64-bit, Windows 11 64-bit (IE10 or above MUST be pre-installed)

DrayTek Device Finder is an accessory gadget which is used to search the local network's DrayTek devices to help the administrator quickly learn about the current network environment. The tool contains the following features:

1. Search all the local network's DrayTek devices, including Vigor Router / AP / Switch etc.
2. Display devices' Model Name, IP Address, MAC Address.
3. Call the browser and directly access to certain device's web user interface via its IP address.
