

Release Note for iOS Smart VPN APP

Software Version:	1.9.8
Release Type:	Regular – Upgrade recommended when convenient, as it includes general improvements and optimizations
Applied System:	iOS 14.0 and above

The Smart VPN Client iOS version is a VPN APP. It makes VPN configuration easy for users. It could support the following VPN schemas, OpenVPN, WireGuard, EasyVPN and SSL VPN Tunnels.

New Features

- None.

Improvement

- Corrected: An issue with the Portuguese translation of certain texts.
- Corrected: An issue with duplicate name error when trying to edit an existing VPN profile.
- Corrected: After setting up Port Knocking with EasyVPN (OpenVPN), the settings related to Port Knocking would vanish when the VPN was disconnected.

Known Issue

- None.
