

Release Note for SmartVPN Client

Firmware Version:	1.9.2
Release Type:	Regular – Upgrade recommended when convenient, as it includes general improvements and optimizations
Applied Operation System	macOS 12.0

The Smart VPN Client is a free VPN client APP for Vigor Router users. It supports advanced VPN protocols, including IKEv2 EAP, IPsec Xauth, and DrayTek SSL VPN.

New Features

- Support WireGuard VPN.

Improvement

- Corrected: An issue that the Smart VPN client encountered a crash when using IKEv2 with MFA via TOTP.

Known Issue

- None.

Note

- None.
