Firmware Version: 4.3.3
Release Date: August 30, 2015
Applied Operation System:
Windows XP SP3, Vista 32-bit/64-bit, Windows 7 32-bit/64-bit, Windows 8, Windows 10

Smart VPN Client is a VPN configuration utility that supports establishing PPTP, L2TP, IPSec and DrayTek SSL Tunnel on Microsoft Windows. It's designed to make VPN configuration easy for users.

New Features

- None.

Improvement

- Improved: Provide "Netbios over TCP/IP" option for PPP Type of VPN tunnels.
- Improved: Support IPSec AES-256 encryption for Windows Vista / Windows 7 / Windows 8 / Windows Server 2008.
- Improved: Support "IPSec through NAT" option for Windows Vista / Windows 7 / Windows 8.
- Improved: If click the "X" button, the client will not be closed but return to the system tray. To shut down the client, the user should right click the icon in the system tray and press exit.
- Improved: Provide "Don't show this confirmation window again for this profile" option in the popup dial-up window, so that the user can disable the window on demand.
- Improved: Support SSL Tunnel on Windows 10 OS.
- Corrected: Fix the IPSec tunnel failed issue caused by over-frequent rekey.

Known Issue
