Firmware Version:	5.1.0
Release Type:	Normal
Applied Operation System	Windows XP SP3, Vista 32-bit/64-bit, Windows 7 32-bit/64-bit, Windows 8, Windows 10, Windows Server 2012 R2

The Smart VPN Client is a VPN configuration utility. It makes VPN configuration easy for users. It could support the following VPN schemas, PPTP, L2TP, IPSec and DrayTek SSL Tunnel

New Features

● None.

Improvement

● Improved: Support IKEv2 EAP tunnel for Windows 10.
● Improved: Support VPN server port setup for SSL tunnel.
● Improved: Add maximum characters placeholder for username/password setting.
● Improved: The default setting for "Fast SSL" is changed from enabled to disabled.
● Improved: Add "View Log" on the taskbar icon for a user directly viewing VPN logs.
● Improved: Add "Connect / Disconnect" on the taskbar icon for a user directly connecting/disconnecting the tunnel.
● Improved: Support "Active Profile" for "Auto run when system start up" feature. A user can choose which profile should be used.
● Corrected: An error occurred when "Display Scale" of Windows was set to 125%.
● Corrected: Windows would crash if a user shutdown the PC while SSL tunnel was up.
● Corrected: Unable to display the L2TP over IPsec setting profile completely.

Known Issue

● None.
