

Release Note for SmartVPN Client

| | |
|--------------------------|---|
| Firmware Version: | 5.6.2 |
| Release Type: | Normal |
| Applied Operation System | Windows Vista 32-bit/64-bit, Windows 7 32-bit/64-bit, Windows 8, Windows 10, Windows 11, Windows Server 2012 R2 |

The Smart VPN Client is a VPN configuration utility. It makes VPN configuration easy for users. It could support the following VPN schemas, PPTP, L2TP, IPSec, OpenVPN, WireGuard VPN and DrayTek SSL Tunnel.

New Features

- None.

Improvement

- Improved: Improve multi-language UI system.
- Improved: The battery warning message can be disabled manually.
- Improved: Update the translation text for Portuguese, Simplified Chinese, and German.
- Improved: Add a new warning message about Modern Standby when saving SSL VPN profiles.
- Corrected: An issue with the system was trouble when the user clicked Statistics on the icon menu.
- Corrected: An issue with the users being unable to scan the QR code for 2FA TOTP using Microsoft Authentication APP on iOS.

Known Issue

- SmartVPN Client will possibly pop up an error "Hardware failure in port or attached device." if a user tries to reconnect SSL VPN after a long-time performance test with SSL VPN.

Note

- No longer support Windows XP system.
