

Release Note for Android SMS APP

Software Version:	1.1.2
Release Type:	Normal
Applied System:	Andriod 6.0 or later

It is a mobile application that allows users to send SMS messages via SIM card in Vigor LTE routers. In addition, the APP allows users to switch among multiple Vigor LTE Routers to send personalized messages easily and quickly.

New Features

- Meet Google Play's target API level requirement. Support Android 14 (API level 34) or higher.

Improvement

- None.

Known Issue

- None.

Note

- Some devices (CPE) must upgrade the firmware with the newest version. Otherwise, it might not be searched by VigorSMS APP.
